

## **REMARKS**

The Examiner has issued a notice of allowance for all pending claims in the paper dated July 17, 2006.

### A. Claim Amendment

Applicant discovered an antecedent basis error in claim 1. This claim was previously amended to incorporate the elements of claim 5 in response to the first Office Action. Claim 5 used the terminology "modular hardware detector". Applicant has amended Claim 1 accordingly.

### B. References Cited in ISR and corresponding Applications

As stated in paragraph [0002] of the published application, the present application (US 10/848,939) was filed on the same date as the following applications:

US Application No. 10/848,940 "Modular Software Components for Wireless Communication Devices, and

US Application No. 10/848,941 "Dynamic Interface Software for Wireless Communication Devices.

PCT application PCT/US2005/017451 claimed priority to all three of these applications. The references cited in the International Search Report (ISR) of the PCT application were submitted in the above listed other two applications, and were considered by the present Examiner (Phuoc H. Doan). However, the ISR references were not submitted in the present application before the Notice of Allowance was issued.

The IDS submitted herewith includes the references from the ISR and references cited by the Examiner in the above listed related applications. Applicant respectfully requests that the Examiner consider these references and re-issue a notice of allowance for the pending claims.

CONCLUSION

The fees for an IDS and an RCE are submitted herewith by EFS. If necessary, Applicant requests under the provisions of 37 CFR 1.136(a) to extend the period for filing a reply in the above-identified application and to charge the fees for a large entity under 37 CFR 1.17(a). The Director is authorized to charge any additional fee(s) or any underpayment of fee(s) or credit any overpayment(s) to Deposit Account No. 50-3001 of Kyocera Wireless Corp.

Should the Examiner believe that prosecution of this application might be expedited by further discussion of the issues, he is invited to telephone the attorney for Applicant at the telephone number listed below.
